

GDM-10F-HC~TSL01

The world's #1 manufacturer of glass door merchandisers. Designed using the highest quality materials and components to provide the user with an attractive, point of purchase merchandiser that brilliantly displays frozen food and ice cream, resulting in high impulse sales. Factory engineered, self-contained, capillary tube system using environmentally friendly R290 hydro carbon refrigerant that has zero (0) ozone depletion potential (ODP), & three (3) global warming potential (GWP). High capacity, factory balanced refrigeration system that maintains -10°F (-23.3°C) temperatures. Ideal for both frozen foods and ice cream. Exterior – non-peel or chip white powder coated cold rolled steel; durable and permanent. Interior – attractive, white aluminum interior liner with stainless steel floor. Self closing door. Positive seal, torsion type closure system. LED interior lighting provides more even lighting throughout the cabinet. Safety shielded. Triple pane thermal glass door assembly with mitered plastic channel frame. Entire cabinet structure is foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).

Bottom mounted units feature

- "No stoop" lower shelf to maximize product visibility. Easily accessible condenser coil for cleaning.
