

TAC-14GS-HC-LD

True's air curtain merchandisers are designed with enduring quality that protects your long term investment. Designed using the highest quality materials and components to provide the user with colder product temperatures and lower utility costs in an attractive merchandiser that brilliantly displays food and beverages. Large, open front allows easy access to display levels and places maximum attention on merchandising. Energy efficient, factory balanced, refrigeration system holds 35°F to 40°F (1.6°C to 4.4°C). Patented reversing condenser fan motors. Fan motors reverse during defrost off cycles to help keep condenser coil free from dirt, dust and debris. Keeping coils clean optimizes the unit's performance providing colder holding temperatures and increased energy efficiency. Regularly scheduled thorough cleaning of coils still recommended. Durable and permanent non-peel or chip black vinyl exterior with white aluminum interior and stainless steel floor and deck pans. Adjustable, heavy duty PVC coated shelves. Entire cabinet structure is foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
